

dispute. With the recent amendment of the Constitution, there is no longer any contract enforceable under the law of Oklahoma.

6. Dubai is a constitutional monarchy, but its legal system is heavily influenced by Islamic law. *Udul* is the plural of “adl.” An “adl” is a notary under the Islamic legal system. The contract provides that it will be governed by the law of the United Arab Emirates.

7. The recent amendment to the Constitution provides:

“The Courts . . . when exercising their judicial authority, shall uphold and adhere to the law as provided in the United States Constitution, the Oklahoma Constitution, the United States Code, federal regulations promulgated pursuant thereto, established common law, the Oklahoma Statutes and rules promulgated pursuant thereto, and if necessary the law of another state of the United States provided the law of the other state does not include Sharia Law, in making judicial decisions. The courts shall not look to the legal precepts of other nations or cultures. Specifically, the courts shall not consider international or Sharia Law. The provisions of this subsection shall apply to all cases before the respective courts including, but not limited to, cases of first impression.”

8. The law of the United Arab Emirates is clearly a legal preception of another nation and includes Sharia law.

9. There is no way that this Court could grant the relief sought by the Plaintiff without considering international and foreign law.

10. For purposes of Oklahoma law, the contract alleged in the complaint is a nullity.

WHEREFORE, Defendant moves that Plaintiff's Complaint be dismissed, and for all other just and proper relief.

Respectfully submitted,
